

The Bylaws and Policy Review Committee (BPRC) works with other standing committees and the Board of Directors to ensure that the association's governing documents are updated as needed, compliant with state law, and internally consistent.

This committee reviews any proposed amendments to the CGJA Bylaws or Policy Manual and makes recommendations regarding the amendment's content, format, and placement within the bylaws or manual. It also reviews new or amended committee procedures and other documents as requested.

Any CGJA member who is interested in serving on this committee should contact BPRC's chair, [Karen Jahr](#).
